## Directions for Notes Game Board

### Things Needed:

-Game pieces to move on the playing board. (Magnetic Stix work well if the board is put on a metal cookie pan)

-Dice

-Keyboard Card

Each player puts a game piece in the box marked “Begin”. The first player rolls a dice and moves his/her game piece the appropriate number of spaces. He/she then must show what the correct note is on the Keyboard Card.

Play alternates between players until someone reaches the “FINE” box at the end. The first player to reach “FINE” must correctly show on the Keyboard Card an “F” and “E.” (To make the game a little harder you can require a player to roll the exact number of spaces needed to get into the “FINE” box.)

Any player who lands on the repeat sign  must return to the “Begin” box and start again.
